zipForm® Plus Toggle Feature

We want to make your transition to our new user interface as easy as possible. We offer a “toggle” feature where you can easily switch between the two versions until you are comfortable.

A New Look

Once you access your account, you will instantly notice the fresh appearance of zipForm® Plus. With many features now at your fingertips, navigation has never been easier.

Navigation Bar

The zipForm® Plus Navigation Bar is where you can navigate to different areas of the application.

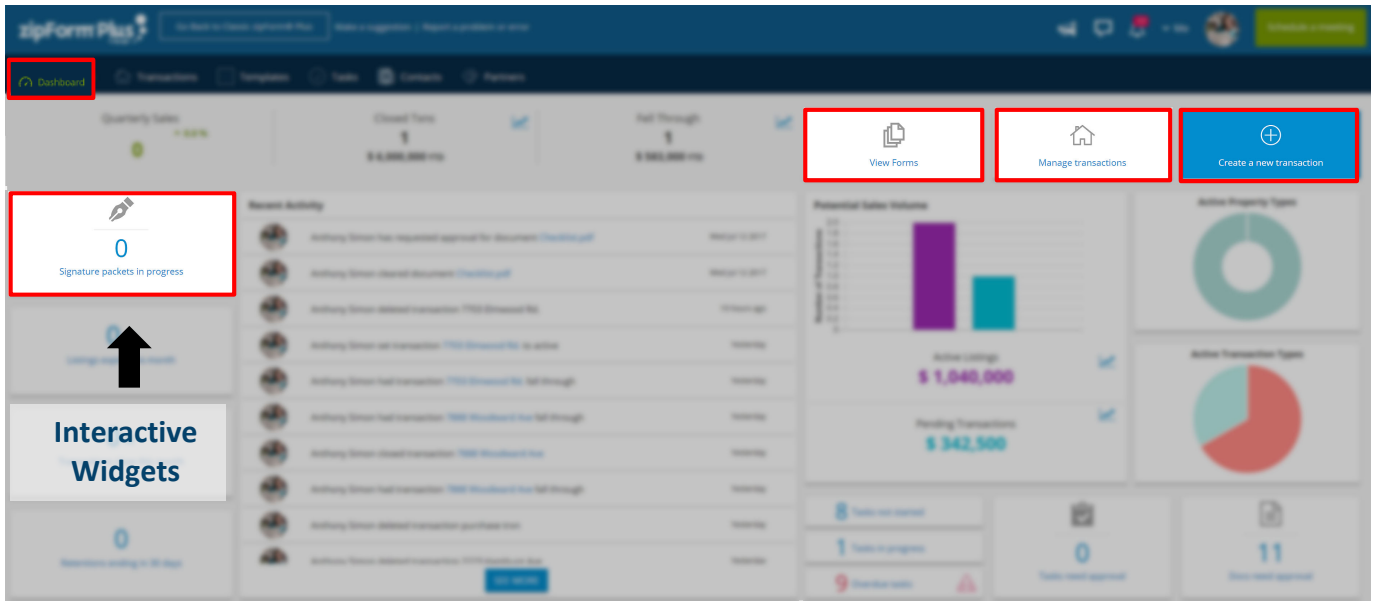

Dashboard	Review transaction details in your dashboard along with many other useful options such as create a new transaction, manage transactions and view forms.
Transactions	Review all transactions, edit, delete, import/export, and create new transactions using various property types.
Templates	Review all templates, edit, delete, import/export, and create new templates using various property types.
Tasks	Review urgent tasks and statuses for all your transactions, edit, delete, and display these tasks in a calendar view. You may also view any cloud-based calendars you currently access such as Google, MS Live and Office 365.
Contacts	Review parties involved for all your transactions, edit, delete, create new and import/export. You also have the ability to import cloud-based calendars you currently access such as Google, MS Live, Office 365, Top Producer and Yahoo.
Partners	Review our growing list of partners. Our zipAlliance™ Partnership program is designed to provide you with products and services that will save you time and money.

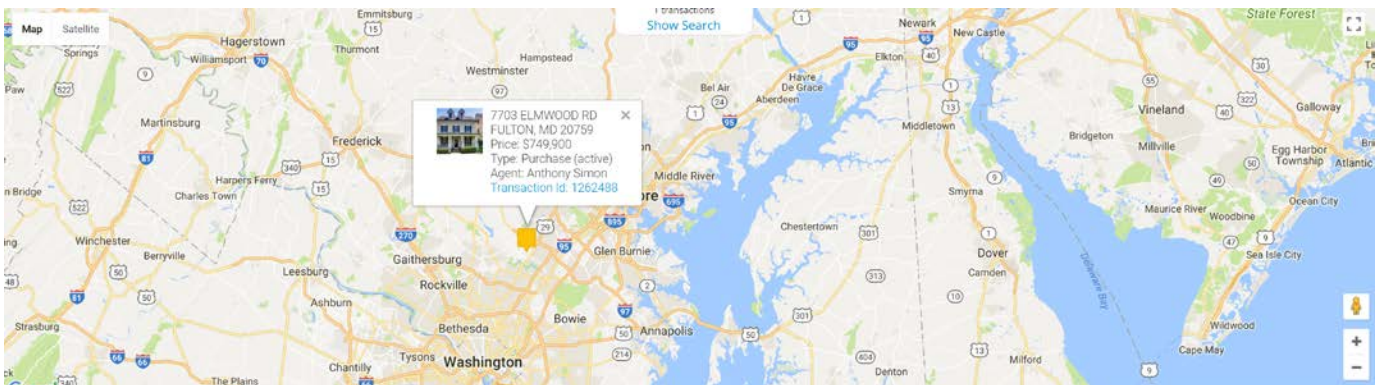

Dashboard

Welcome to the Dashboard! At a glance, along with interactive widgets, agents can review their entire progress for all of their transactions as well as viewing forms, manage transactions, and create a new transaction all from one central location.

Map Display

Details pertaining to property information are also displayed on the map within the Dashboard.

Creating Transactions

New transactions can be created in various places. Create your transactions directly from your “Dashboard” (A:) or by clicking “Transactions” (B:)

A:

B:

Select Your Transaction Type

Once you start creating your transaction, you will be asked to select one of the transaction types below:

Transaction Information

After selecting the transaction type, you will be able to add the necessary transaction information, including importing from your MLS. Please understand that not all MLS's participate in the utilization of zipFormMLS-Connect[®]. Please contact your MLS for further details.

Getting Around zipForm® Plus: Icon Assistance

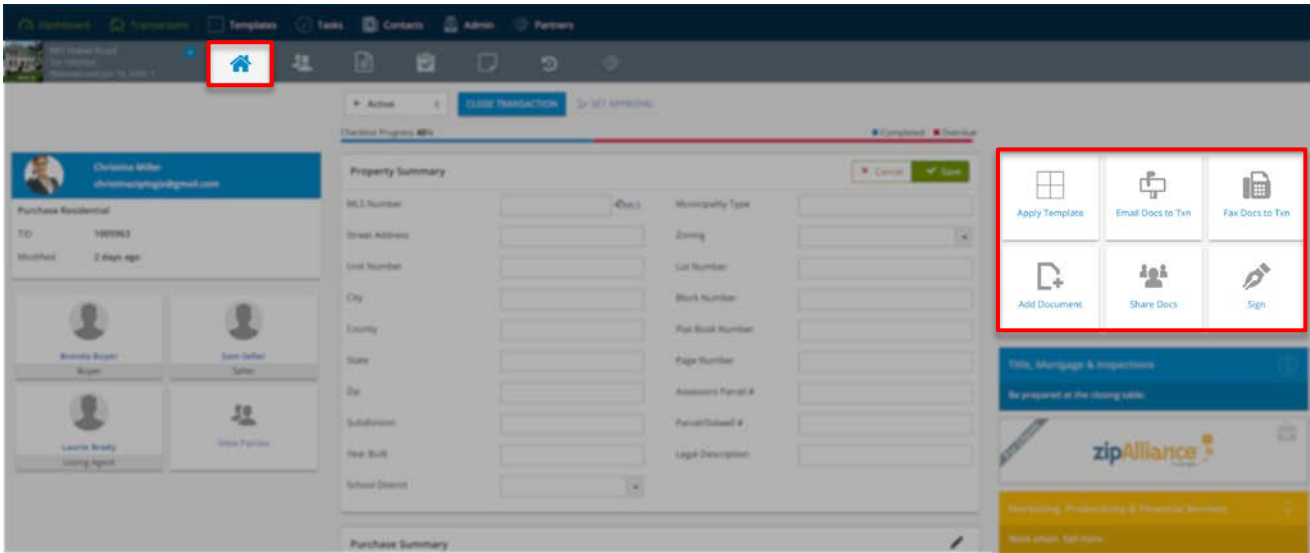

Once you are in your transaction, you may notice some new icons and menu options. Please take a moment, familiarize yourself, and see what's new.

	Transaction Summary: Enter Property Information, Listing Information, and Purchase Information.
	Transaction Parties: Create new parties involved with the transaction. Edit existing parties and collaborate with parties using Private Share.
	Form/Document Access within Transaction: Access form libraries, add documents, add folders, apply templates and send documents for approval.
	Checklists and Tasks: Create new checklists, view/edit existing checklists and urgent tasks, delete checklists and view Calendar.
	Notes: Create reminders that pertain to the transaction. You can choose to e-mail, save as PDF and/or print notes.
	History: Track progress of transactions, review comments, and document approvals.
	Partners: Review our growing list of partners. Our zipAlliance™ Partnership program is designed to provide you with products and services that will save you time and money.
	Private Share: Collaborate with parties by sharing documents. Import parties using your zipLogix™ contacts or pull contacts in from one of your cloud base accounts.
	Public Share: Collaborate with parties by creating a public link for parties to access your documents.

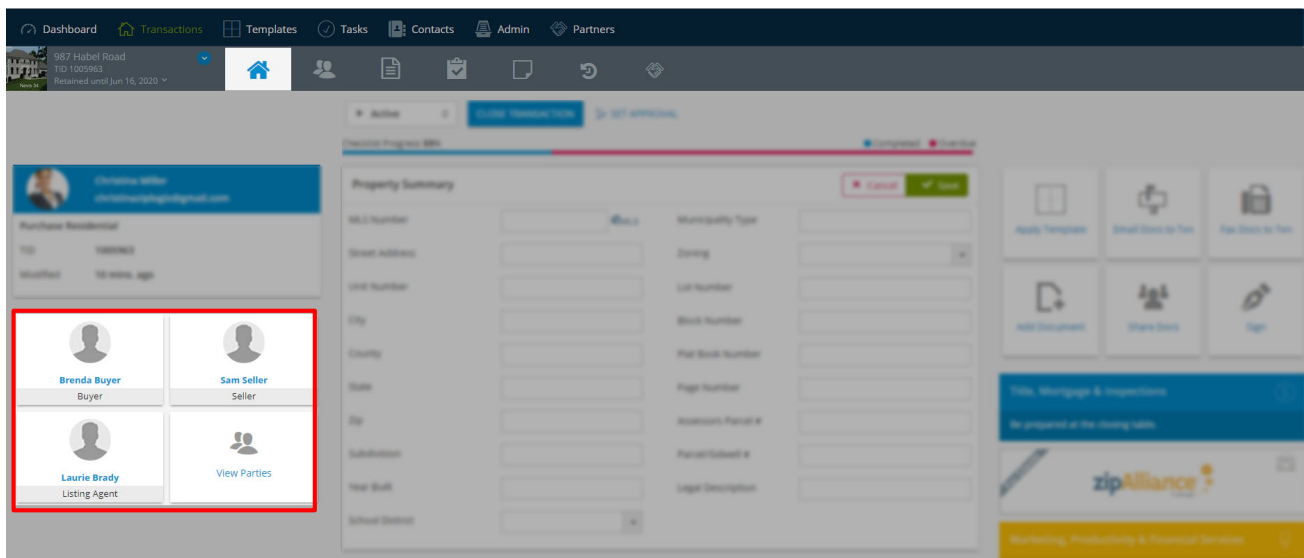

Transaction Summary

While in the Transaction Summary  you can perform a number of actions by quickly accessing the menu you see below:

Transaction Parties

Within the Transaction Summary, you can also access your transaction parties. 

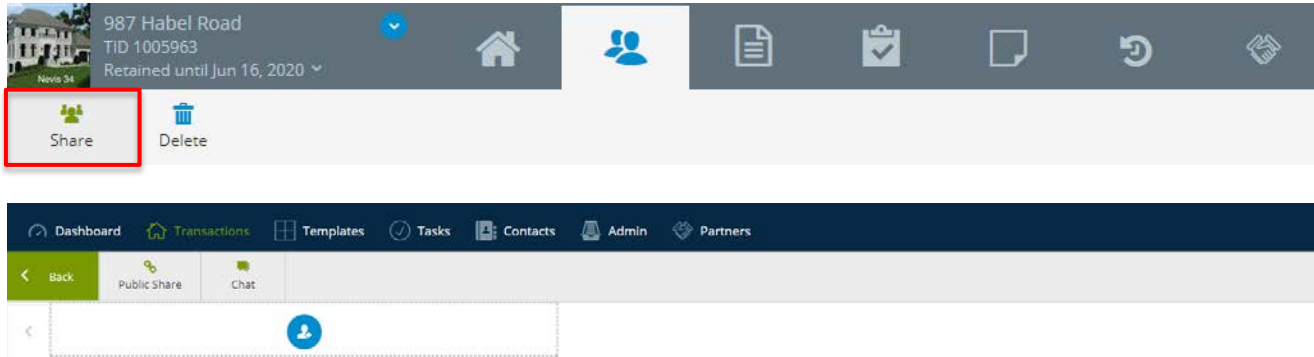

Private and Public Share

Within the transaction parties tab, you have the ability to create new parties involved with the transaction, edit existing parties, and collaborate with parties using Private Share.

Private Share

Create a private Share, documents and permissions will be granted only to specified user.

Click to start sharing

Public Sharing

Turn Public Transaction sharing "On". Set an expiration date for the public links to expire. Then select the type of public link to create. Preview the link then copy to your clip-board.

Public Sharing On Off Stop Sharing Date 08/09/2017

zipAlliance™ Partnership Program

Review our growing list of partners. Our zipAlliance™ Partnership program is designed to provide you with products and services that will save you time and money. Sort through categories and learn about the best solution for you.

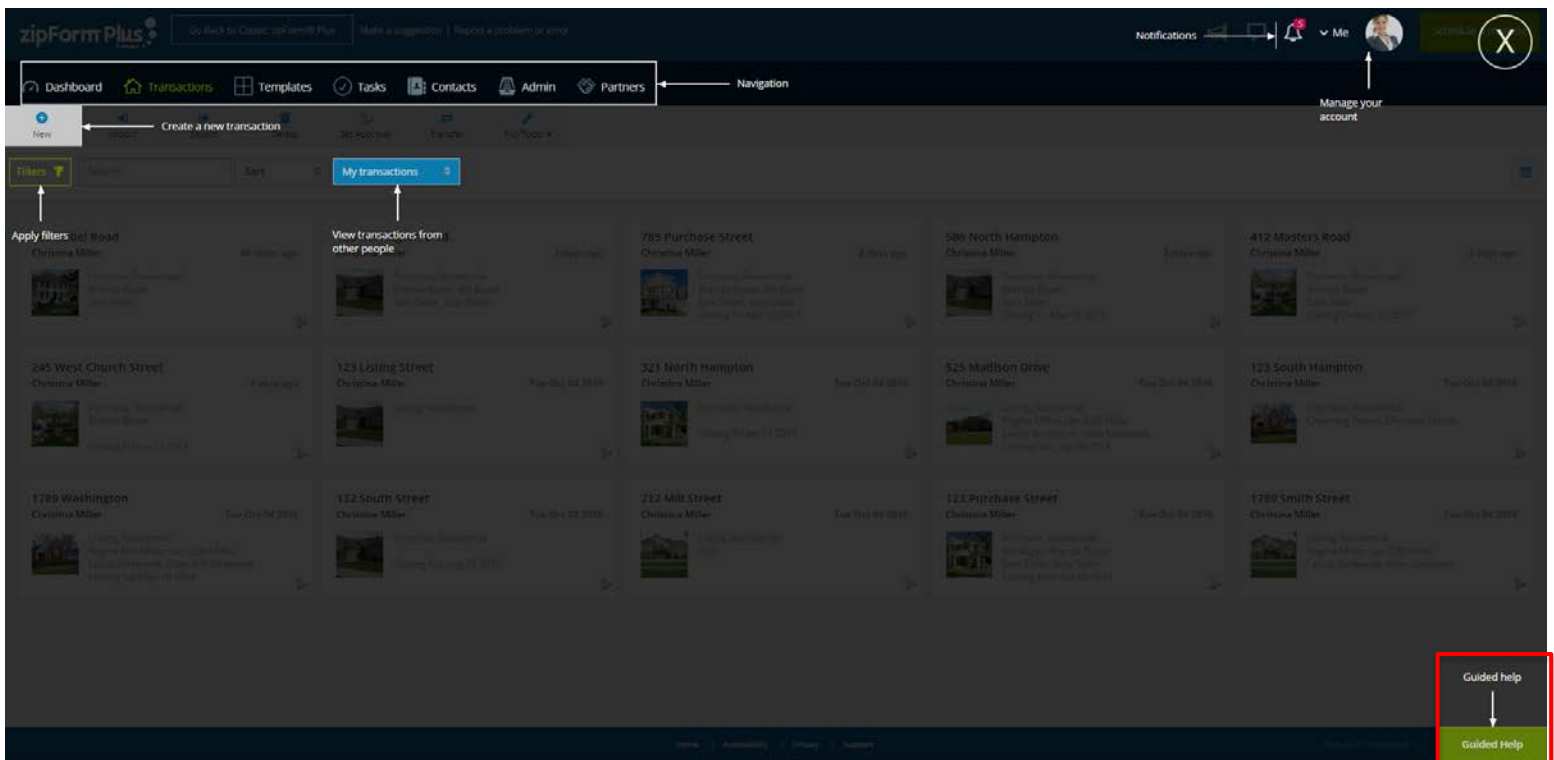

The screenshot shows the zipAlliance™ Partnership Program interface. At the top, there is a navigation bar with the following items: Dashboard, Transactions, Templates, Tasks, Contacts, Admin, and Partners. Below the navigation bar, there is a header section with a dropdown menu showing "125 Harrington Blvd.", "TID: 1037045", and "Retained until Mar 03, 2020". Below the header, there are three tabs: "Productivity", "Title, Mortgage & Inspections", and "Financial Services". The "Productivity" tab is selected. Below the tabs, there are three partner cards, each labeled "National" in the top right corner. The first card is for "corefact" and includes the text: "Easily market your listing, generate leads and build relationships with postcards, flyers and digital tools. Learn more about Corefact" and a "Send to" button. The second card is for "MOVE FORWARD" and includes the text: "Connect your clients with money saving move related offers custom branded to you." and a "Send to" button. The third card is for "updater," and includes the text: "Streamline moving for your clients once and for all, with a branded and personalized moving tool to save them hours (and headaches)." and a "Send to" button.

Guided Help

We understand changes take some time to get used to. We have taken extra steps to make sure we are always there for you when you need assistance. Explore the enhanced Guided Help feature and get step-by-step instructions during your entire transaction creation process.
