

**July 17, 2018  
10 to 11am**

**WEBINAR:**

# **The Anatomy of Roofing that will put YOU in the Know!**

Hosted by:

Valerie Keener, REALTOR®

This webinar will help you gain a deeper understanding about the roof above your head. Learn about various types of roofing materials and their unique benefits.

The secret language of roofers will be revealed. Overlay? Flashing? Turtle? Gable? These terms will be explained.

Discover the current trends in North Texas and best practices for roof maintenance. You will also receive tips for selecting a roofing company.

You may attend this webinar from anywhere in the world with an internet connection. No CE credit; just good information.
